Notice Regarding Sanitary Sewer and Water Service Permit Issuance

To the Owner and Applicant:

Be advised regarding the application for sanitary sewer and water service connection permit as follows:

1. The roadway/driveway upon which the premises to be served is located, is not a public roadway or Village street.
2. The Village of Lawrence water and sanitary sewer service is not provided in or along said roadway.
3. That the Village of Lawrence's responsibility for providing water and sanitary sewer services ends at the right-of-way line of the Village street that the roadway connects to.
4. That the property owner ought to assure that the appropriate easements for the installation and maintenance of water and sanitary sewer lines from the subject property to the right-of-way of the Village street are in place and properly dedicated.
5. That due to the distance which will be traversed by the water and sanitary sewer line, it is recommended that an appropriately engineered system be installed to assure function and delivery to the Village's water and sanitary sewer lines and all engineering is the responsibility of the owner/applicant.
6. That prior to installation and connection, it is the owner/applicant's responsibility to notify the Village Department of Public Works of the size of service lines required at the right-of-way of the Village's street.

The owner/applicant acknowledges receipt of the conditions in this notice in conjunction with the application for the water and sanitary sewer connection permit.
