Special Meeting of the Department of Public Works.

Meeting called to order at 18:00. Dave Quick, Theresa Stroud, Brian Johnson and John Gritter present.

Issues discussed:

Brian Johnson needed clarification on how to bill for water leaks now that the State of Michigan has now defined the water service line as extending to 18 inches within a structure rather than to the meter.

What might be done about a large, recurrent puddle at the northeast corner of Midway Ct. and W. James St.

What might be done about rain water running off Blackman St into residential lawns.

Has there been an increase in delinquent utility bills in light of Covid 19 employment disruptions.

Brian given authorization to go ahead with contacting the contractor about reroofing the DPW building with budgeted funds.

Clarification with True Leaf, the marijuana dispensary going into the industrial park, about chemicals that they plan to use in their business and how they might affect the waste treatment ponds.

Meeting adjourned 18:35.
