June 22, 2026

Call to Order: The Planning Commission Meeting was called to order at 6:00 p.m.

Approval of Prior Meeting Minutes:

Copy of May 18, 2026 minutes unavailable. Tabled approval until June 22, 2026 meeting.

Zoning Report:

Ransom noted that the 205 West Saint Joseph appears to have new windows, Tyvek and siding going up. Annexation discussion for Martin Property has negatives such as sandwiching existing Light Industrial Zoned property in between potential residential properties, most of the property in question is classified as a wetland and as such, septic systems and wells are unlikely to be approved which makes residential use problematic. The water table is very high in much of the property in question and as such only a very narrow strip close to Red Arrow is not classified as wetland. NOTE: wetland information came from the EGLE Wetlands Map Viewer.
